May 6, 2024

PhalloFILL, a leading provider of safe and effective male treatments, is proud to announce that Dr. Amy Pearlman, a board-certified urologist and expert in men's health, will be presenting at the upcoming 2024 American Urological Association (AUA) Meeting in San Antonio, Texas.

The AUA Meeting stands as a premier event in the field of urology, bringing together leading experts, researchers, and practitioners from around the world to discuss the latest advancements and innovations in urological care.

This annual gathering is a platform for exchanging knowledge, ideas, and best practices, fostering collaboration and driving progress in diagnosing, treating, and managing urological conditions. With a diverse range of presentations, workshops, and exhibits, the AUA Meeting plays a pivotal role in shaping the future of urology and ultimately improving patient outcomes.

"It's an honor to have a PhalloFILL provider present at the AUA meeting this year," said PhalloFILL Co-Founder Dana Cherington. "As an esteemed expert in the field, Dr. Pearlman brings a wealth of knowledge and experience to her presentation, focusing on the safety and efficacy of hyaluronic acid penile injections. With advancements in medical technology, men now have access to safe and reversible procedures that can help boost confidence and enhance their overall well-being."

Dr. Pearlman is renowned for her dedication to men's health and genital reconstruction. She completed her medical training at Baylor College of Medicine, followed by a urology residency at the University of Pennsylvania and a fellowship at Wake Forest. After directing the Men's Health Program at the University of Iowa for nearly five years, she co-founded Prime Institute in South Florida with her twin sister. Dr. Pearlman's practice focuses on providing comprehensive treatment to help men optimize their hormonal, genital, and intimate relationship health.
